

Your Calvary Communications

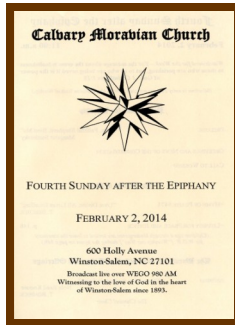

The staff at Calvary makes a concerted effort to keep you continuously informed about all that's going on at Calvary as well as many events happening in our "Moravian world."

We hope you will take a few minutes to peruse this bulletin insert and see all the different ways we use to provide you with the very latest information.

We hope you find our communications useful, informative and timely. And we hope that you will let us know about things or events we need to include, so that we can do an even better job of keeping you informed. Thank you!

Weekly Publications

The weekly Calvary bulletin provides each week's ode for our 11:00 a.m. worship service. The "Announcements" insert gives relevant details about the Sunday service, information on upcoming events and the week's calendar. Very often, there are so many things happening in the congregation that an additional insert is included. We have much news to share each week!

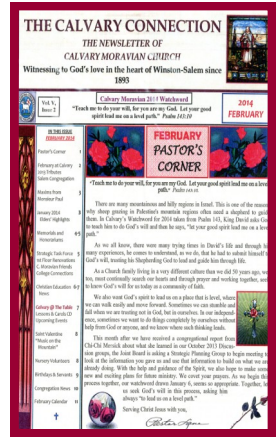

The "Calvary Weekly News" email is delivered to our email list each week on either Thursday or Friday. "Weekly" provide a quick snapshot of what's happening for the upcoming Sunday service, special news or information on near-term events and the calendar for the next ten days. If you are not currently receiving this email, please give the church office your email address!

Monthly Publications

The "Calvary Connection" monthly newsletter is our primary monthly publication. Released at the end of every month (for the next month), this publication includes information on worship services and events scheduled for the month, articles relating to the current season, memorials and honorariums, birthdays, church servants for the month, and congregation news. The Connection is sent by regular mail and email. The email version has the advantage of being in color! Call the church office to be added to the email list!

The "Calvary Connection EXTRA!" is our "mid-month" publication, published around the 10th to 15th of the month. We created EXTRA! because we had so much news that we could not include in the regular newsletter. The addition of EXTRA! to our communications allows us to provide information on various provincial happenings as well. EXTRA! is delivered via email.
